

### About Vision Christiana:

Pastor Mary Saldivar is from Harlingen, Texas. GOD called her to the mission field in 1997.

Before God promoted her to pastor, she served as an evangelist missionary in the Huasteca mountain range for 3 years. She now pastor Vision Christiana Church in Tamazunchale and continues the mission work. She enters remote villages to spread the wonderful WORD OF GOD.

Vision Christian is a non-profit organization and are currently working on a 501-C3 status. We are a non-denominational faith based and are ordained & licensed in the USA under **Hope Ministries** out of Valley Mills, Texas and Mexico under **Vision International of Queretaro**.

If in your prayers, GOD places in your heart the desire to donate to our organization, please send to:

**Hope Ministries**

**P.O. Box 936**

**Valley Mills, Texas 76689**

(Note: On your donation for Mary Saldivar)

## VISION CRISTIANA TAMAZUNCHALE, S.L.P. MEX.

### Our Goal:

Bring Salvation to GOD's people

### Our Mission:

Extend a helping hand to the poor by supplying food, clothing, blankets, medical supplies, equipment and the knowledge of Jesus Christ.

### Our Strategy:

- Saturate the Huasteca Mountain Range.
- Infiltrate 168 Indian villages.
- Lead souls to Christ.
- Teach, disciple and train GOD's people.
- Promote unity among pastors.

Hunger and poverty exists in the remote villages and it is difficult to believe how there could be such existence in such a beautiful place.

Although there is a great quantity of vegetation, there is a lack of food source that would include protein. The village residents, which includes men, women and children, are malnourished due to the lack in food sources that provide the nutrients necessary to grow strong and healthy. This lack of nutrients make them more vulnerable to sickness and disease, especially children and the elderly.

**GOD has given us a great vision to:**

- Build a 500 seat sanctuary
- Build a mission group's dormitory
- Build a large kitchen
- Build a storehouse for supplies

The living conditions are unsanitary. They live in huts handmade of any material they sleep on dirt floors and there is no running water.

They travel far to reach a water source and have no choice but to carry it back to their huts. Can you imagine living this way? You may wonder why they live

in these conditions. These people do not have a choice. Many of them are abandoned

mothers with children, whose husbands went off to find employment in a bigger city or the USA and never returned. The Mexican government does not provide the kind of living assistance that our government provides for some US residents.

Pastor Mary Saldivar, along with other loving people are committed to do all within their power to ease the pain of this mass of poverty that binds the children of GOD. We currently transport and

distribute food, clothing, medical supplies and much more to over 30 villages, a local prison,

retirement home, drug and rehabilitation center and hospital.

Many people desire to be a part of helping and it is why we offer mission trips to churches, families and individuals. Transportation from the border to the mission site is provided for a low per person fee. For information or to make arrangements, please call Pastor Mary at 956-454-7177.
